

OVER WALLOP PARISH HUB

Many residents will already be aware that the Over Wallop Parish Council has developed an Over Wallop Parish Neighbourhood Development Plan (NDP).

In order to prepare the plan, the Council is being supported by a group of volunteers to manage the consultation process.

There will be lots of information to send out and to receive from our residents as we make progress with this process. One of the ways we should like to keep you informed and up-to-date as we proceed is by means of an email circulation system like the one in operation in Nether Wallop.

This system will be known as the Hub and will be managed on a day-to-day basis by the communications team who are a part of the volunteer group.

The Hub will be supported by the Parish Council and will be used to disseminate Parish Council related news, NDP updates, questionnaires and results. In due course its use may be widened but it will not be used for commercial purposes, such as selling items or advertising services.

All email addresses will be blind-copied, so they will remain private and will not be shared. If you would like to join this circulation list, **please email owparishhub@gmail.com indicating your wish to be added to the list**. If at any time you no longer wish to receive Hub emails, just send an email requesting to be removed from the list.

If you are not able to use email, do not worry! We shall be using many other forms of communication, such as the Parish Council website, notices in the Village Shop and on notice boards and, of course, through the Wallop Parish News. To subscribe to the Parish News, please send your name and address to info@stpetersoverwallop.co.uk or telephone Stephen Baldock on 01264 783540.

JOIN IN – TAKE PART – BE HEARD!
