

**Message from Stewart MacDonald,
Chairman of the Over Wallop Parish Neighbourhood Development Plan**

After three years in the making, I am delighted to confirm that the Over Wallop Parish Neighbourhood Development Plan passed the referendum with 90% support on a turnout of 25%.

Official figures to be confirmed in writing from Test Valley Borough Council shortly. I would like to express my deepest thanks to all of those who supported this important initiative. The Parish Council will ensure that the views of the community, as documented in the NDP, are given full consideration in future planning decisions. Thank you again.
